

Amendments to the Specification

On page 2, please add the following paragraphs after paragraph [0012] under the "BRIEF DESCRIPTION OF THE DRAWINGS" section:

--

Fig. 7 is a partial cross-sectional view of a pipe sealing apparatus.

Fig. 8 is a cross-sectional elevation view of another pipe sealing apparatus, and shown inserted in a section of a pipeline and in an inflated state.

--

On page 4, please add the following paragraph after paragraph [0020] under the "DETAILED DESCRIPTION" section:

--

For example, Fig. 8 illustrates an inflatable plug 22 including a curable material patch 80. As shown, the inflatable plug 22 can act as a vehicle to carry the curable material patch 80 or a resin impregnated repair sleeve to the rupture point 12 in the pipeline 10.

--

On page 6, please add the following paragraph after paragraph [0026] under the "DETAILED DESCRIPTION" section:

--

For example, in some constructions, such as the construction illustrated in Fig. 7, the inflatable plug 22 can include a first layer 70 of straps and a second layer 72 of straps. As shown in the illustrated construction, the first layer 70 can include one or more straps extending lengthwise along the length of the inflatable plug 22 and the second layer 72 can include straps
